

Why not get your hat made to order?

You know that you can be fitted properly in a ready-made hat and you would not have it made to order just for the mere sake of spending a few extra dollars. You know that it would show poor judgment when there's no particular advantage to be gained.

Why not apply the same principle to the buying of clothes?

Clothcraft Clothes at \$10 to \$20 are ready for service and you can quickly find the one that fits your form and fancy. No waiting—no delay—no guessing how your suit will look when you put it on—you can see and try before you buy.

Almost any man can be fitted in Clothcraft Clothes with little or no alteration. We want to prove this to some of you men, who only think, you cannot be fitted in Clothcraft Ready-for-Service Clothes. Yes, today, we're ready.

TERRE HAUTE, IND.,
April 20, 1912.
G. M. BALLARD,
Co. Judge,
Mt. Vernon, Ky.

Dear Sir:—We have your letter written us on the 14th, and we want to thank you very much for the information you have sent us. We also wish to advise you that J. W. Marler wrote us a letter some time ago advising us that the Court wanted to come to Terre Haute to see us in reference to Culverts, Road Machinery and Bridges, and that they would do some business with us.

We sent him \$100.00 in advance to buy the tickets to Terre Haute, and we advised him we would pay his expenses to Terre Haute. He came to Louisville and called us by telephone and said he wanted us to send him some more money, as he stated we did not send him enough money. We immediately sent him \$100.00 by telegraph, and he advised us over the telephone, also by wire that he had all the members of the Fiscal Court with him. We immediately complied with his request and sent him this money, and then he called us up from Indianapolis again and said that they would be here in a few hours, and they never showed up.

Now, this gentleman has \$200.00 of our money, and we have this day written him demanding that he return our money at once, and we wish you would advise how many members of the Fiscal Court was with him, and if Mr. Marler is the only elected County Road Engineer, as Mr. Marler stated over the phone that the entire court was with him in Louisville. Any information you can give us will be kept strictly confidential, and we trust you will let us hear from you by return mail.

Yours very truly,
THE A. L. GREENBERG IRON CO.,

THE Catholic church is an enemy of the American public school system. Catholic writers are and have been fighting it for past thirty years more bitterly than before that period. One of these writers under the caption of "Is our Public Schools a Failure?" kept an article of this kind running in Ladies Home Journal all last year. This year the Pictorial Review is being used for the same purpose. Public schools and Masonry are anathema to Catholicism on account of their advocacy and practice of the freedom guaranteed the people by our constitution. If these publications expect to join now or retain old subscribers by running such stuff in their columns we fail to see from whence they get their expectations. The Catholic church, if it had the power would do away with our public school system and substituted one of their own under the control of the Pope at Rome. If that day should ever come, its good bye to religions or any other kind of liberty in these good United States. The American people have been asleep at the switch. They are now waking up.

THE Louisville Commercial Club will shortly elect a president. By a tacit understanding none of the members are to decline to be nominated as candidates, but now comes forward a member Mr. D. E. Kline, who is offering reasons why he wants to "decline" the honor of being a candidate or being voted for. In first place its his name (D. E. Kline) "decline" and wants it to remain so. According to his constitutional rights the Club cannot rob him of his name so he insists on claiming the rights to decline and that he shall remain decline.

It is claimed that the shipping Trust is spending hundreds of thousands of dollars to defeat the repeal of the ship subsidy free canal tolls. It is claimed that some of the leading papers of the country are carrying columns of matter advocating free tolls, for which said papers are receiving large sums of money. These articles appear as reading matter as though coming from the editors of these journals. Congress has started a movement to force all such matter to be properly market "advertisement."

AN exchange says that alcohol will remove grass stains on summer clothes. The exchange is right. It will also remove summer clothes and also spring and winter clothes, not only from the man who drinks it, but also from his wife and children. It will remove household furniture from the house and edibles from the pantry; the smiles from the face of his wife and the happiness from his home. As a remover of things alcohol has few equals.

THE Commercial Club's circular letters, business and professional directory etc. is bringing gratifying results. The people are accepting the invitations and propositions in the spirit in which it is given. "Co-operation." "Get acquainted with your neighbor you may like him."

AN old couple in New York hanged themselves rather than be an expense and a burden to their children. But you never heard of a child hanging itself rather than be a burden and expense to its parents.

THE Tall Sycamore of the St. Asaph will probably find his townsman Hon. Shelton M. Saulley in the race for Congress when the primary is pulled off in the Eighth district.

PULASKI County votes today on the proposition to issue \$300,000 of bonds for the building of roads.

In a sermon at Pennsylvania University a short time since Billy Sunday said:

"But Pilate was just one of those rat-hole, pin-headed, pliable stand-pat, free lunch, pie-counter politicians. He was the direct result of the machine gang in Jewish politics and he was afraid that if he released Christ he would lose his job."

That is a pretty fair description of old Pontius. He trained with the mob. It made no difference where truth, honesty, purity were he was for the spoils. That last sentence involves the whole problem of politics to-day—whether truth or selfishness shall rule. Then he said:

"If you can't understand what this means, just take a walk out into some cemetery some day and look at the tombstones. You'll find that the name of the man who had a political drag twenty five years ago is absolutely forgotten."

THE larger portion of the whisky that is used around Mt. Vernon is shipped here in "jugs" and "Bottled In Barn".

POWERS will be a candidate for renomination at August primary for Congress.

FARMERS INTEREST SEED CORN

Will Increase Your Yield 10 to 30 Bushel Per Acre We care not what corn you have now, if you want FARMERS INTEREST WHITE DENT alongside of it, it will beat it 10 to 30 bushels per acre.

Farmers Interest has been bred for 18 years. Barren stalks have been eliminated, the ears grow very large and the quality is high. This variety has always won the highest honors at the great International Corn Expositions, open to the world from the first one held in Chicago in 1907, down to and including this year 1914.

The selection, breeding and improvement of this corn has conferred on farmers, and all the people, greater benefits than all the work of Luther Burbank, the plant wizard of California.

The least expensive and most certain way to improve a corn crop is to let others do the breeding and you buy the result at a small price per bushel. For a farmer to produce a bushel of corn like we will sell him for a couple of dollars would require the work of years—worth a thousand dollars or more.

Send your name for a FREE sample and further particulars and photo reproductions of grand swtpestakes exhibits. Better write NOW. The photographs of prize-winning corn are well worth seeing.

Theo. S. Mory, the Fertilizer man of London was thrown from a horse, and painfully injured last Saturday evening, on his way home from a business trip Mr. Mory, not knowing of a wire fence being put up across an old road, became entangled and was thrown from his horse, and painfully injured.

CARTER-STEWART

Monday March 23rd, the wedding of Miss Molly Carter and Mr. Warren Stewart of Lockland, Ohio, took place at the Presbyterian manse in Weir City. The ceremony was attended by only the close relatives and friends.

Mrs. Stewart is a niece of Judge S. D. Lewis and for several years has made her home in Pittsburgh, Penn.

Factories.

More Business.

Improved farms.

A bigger Mt. Vernon.

"Will never let up till we get 'em."

Let the people take interest and push to the front.

Rockcastle has a dozen soldier boys on Mexican border.

Work of preparation has already been begun on Mt. Vernon Fair catalog.

Rev. Geo. S. Watson will preach at the Presbyterian Church, Sunday morning and evening.

Before another year passes Mt. Vernon will have, in addition to a light plant, water works, ice plant and some factories.

Telephone communication is established between New York and Denver direct, and by 1915 will be an accomplished fact between New York and San Francisco.

A thousand telegraph offices will be opened thruout the country at an early date on account of the separation of the Western Union telegraph and America Telephone Companies.

C. H. Mullins, Practical Hatter, old hats cleaned and reblocked, made to look new. Our reference is our customers. Give us a trial. Under Masonic Hall, Mt. Vernon, Ky.

NOTICE:—The Directors of the Mt. Vernon Fair Association are called to meet in the office of Atty. E. R. Gentry tomorrow, Saturday April 25th at 1 o'clock p. m. It is important that every director be present.

OMITTED. By oversight in getting up the business directory of Mt. Vernon, the Commercial Club list failed to include the Clothing and Hat cleaning and dyeing establishment of C. H. Mullins, under Masonic Building. Also life insurance by A. B. Furnish and C. C. Davis.

Shortly after our electric light plant is installed and in working order the water works question will come up for discussion and action. It is proposed to have a plant installed before next winter. It is probable that the supply will be secured from some of the big springs near head of Skeggs Creek; pumped into a reservoir made on top of school house hill at an elevation of some 250 feet above the town's tallest building. Gravity pressure will do the rest.

BIG BLAST. The Hazard Herald tells of a big blast consisting of 38 kegs of black powder and two and half boxes dynamite, having been fired at that place. That was some blast but was merely a popgun when compared with some of the periodical blasts put off every few months in Rockcastle quarries by the W. J. Sparks Co., the quarrymen when 120 to 130 boxes of dynamite, three and a half tons, are exploded in one blast causing small earthquakes. It requires from five to seven weeks to drill the one dozen and half holes from 50 to 70 feet in depth six inches in diameter. The holes are connected up by wire when loaded and fired simultaneously from an electric machine (dynamo) by a man in a small house, to which the blast wires are connected a short distance from the "pit."

JUDGE R. G. WILLIAMS

It requires a pretty good sort of a lawyer to "get by" successfully as Commonwealth Attorney. Judge R. G. Williams has accomplished the feat. Not only has he filled with great credit the position of prosecuting attorney, but he has made all elements admit the truth of this assertion.

Absolutely fearless Judge Williams has performed the duties of his office with rare ability and discretion.

While politicians are burning the midnight oil in the effort to secure a strangle hold on their jobs, this capable official was busy attending to the arduous duties of his official position.

It is generally conceded that Judge Williams has made as good if not the best prosecuting attorney this county ever had.

In the world of politics, better things are in store for this popular young man.

He is a lawyer of capacity and one of the best orators in this neck of the woods.

Besides all this the Judge is a cracking good fellow who numbers his friends by the regiment.—Covington Post.

COMMENTS ON COMMERCIAL CLUB

The following letter shows what one of Louisville's busiest business men thinks of the work of our Club:

Louisville, Ky.

Mr. Jas. Maret, Sec.,
Mt. Vernon Commercial Club,
My dear Mr. Maret:

Our Mr. Crooker got in this morning and want to thank you for what he brought. Also want to thank you for the circular regarding the Mt. Vernon Commercial Club. The writer does not think that for the size of the city, there is a more energetic, pushing and "get there" Commercial Club in the State than the one at Mt. Vernon and if all other cities in our State had men of this kind, Kentucky would be on the boom all of the time. We hope that your efforts in what you are doing may inspire some of the other larger and bigger cities and that they will get busy.

With kindest regards and best wishes, I am,

Yours very truly,
JAS. CLARK, JR.

Just received a new supply of tonics and face creams. Drop in next door to post office for a topic. Have Cox & Wheelon look after you and you will not be bothered with dandruff or falling hair. We use nothing but the best material and our guarantee stands behind our work. Our only aim is to please our customers.

FIRST SUNDAY IN MAY

UNDER direction of the Rev. George A. Joplin, the general secretary, the Kentucky Sunday-School Association is starting a campaign the object of which is to bring at least 1,000,000 persons to Sunday-school in the State on one day, the first Sunday in May.

In order to insure success Dr. Joplin has made an effort to enlist the interest of every newspaper, and a large majority of them are taking it up. The workers of the Sunday Schools are also being enlisted. There are county organizations under the State association in every county, and the officers of most of them are rallying their forces. Some one will be asked to act in every town and then to send in reports after the day.

Thousands of pastors' invitations will be sent out to be placed in prominent places and given to people. Many organized classes will endeavor to have each member bring at least one new member that that day.

Mrs. Ann Lair of the Rose Hill vicinity, wife of ex-Judge J. B. Lair, died last Saturday morning and her remains were laid to rest in the family cemetery near the home. She was one of the most beloved women in the county and been a member of the Christian church for sixty-two years.

Mrs. Lair was 81 years of age and a severe attack of grip ten years ago is attributed as the remote cause of her death. Sixty years ago the deceased was united in marriage to Judge Jerome Lair, to which union six children were born four of whom are still living, T. B. and Armp, Miss Carrie and

and Mrs. Cook of Livingston. Short burial services were conducted by Rev. Soward of Pulaski.

MERCHANTS

"All the sweetness of low prices will not equal the bitterness of poor quality and poor service."

We believe whoever wrote the above was absolutely correct. We have been trying consistently for the past thirteen years to constantly improve our service. We will keep on trying, for the word service is as big as all out of doors.

John Robins the retiring postmaster at Brodhead and who holds the record of being one of the very best in the county, is also the drug man. Now that Mr. Robins is out of the post office, he will devote his entire time to the drug business. He was in Louisville last week and bought a \$1000. soda fountain, which will be a great addition. It is possible that Mr. Robins will fill the next room to drug store which he occupied with the postoffice with some other line but that is not settled upon at this time. Mr. Robins is a splendid good citizen, courteous and obliging and deserves the very best of success in whatever his undertaking may be.

War with Mexico is not exactly what we ordered but since we are to have it we are ready to protect our country. Judging from the way the men of this county are warming up it would be but a small job to get up a Company of men here.

ROYAL BAKING POWDER

Is the Housewife's Greatest Help.

WHAT so tempting to the laggard appetite as a light, flaky, fruit short cake or a delicate hot biscuit?

Royal makes the perfect short cake, biscuit and muffin, and improves the flavor and healthfulness of all risen flour-foods.

It renders the biscuit, hot-bread and short cake more digestible and nutritious, at the same time making them more attractive and appetizing.

Royal Baking Powder is indispensable for the preparation all the year round of perfect foods.

Settlement.
